

LaPrairie

A DIVISION OF WESCO DISTRIBUTION CANADA LP

We make lasting connections.

LaPrairie, a division of WESCO Distribution Canada LP, is an electrical distributor in Eastern Canada with a primary focus on the utility/municipal market and the contractors related to this sector.

LaPrairie represents and distributes world class suppliers with a proven track record of quality, integrity, and being on the leading edge of technology. We consider our clients as partners and offer value added services to help reduce our customer's total overall cost.

Our Value-Added Services Include:

- Access to all WESCO inventory
- Supply programs offering reduced lead times & inventory
- Obsolete / surplus material review and removal
- Vendor managed inventory
- Dedicated inventory
- Job / product kitting
- Product training and technical assistance
- Safety training
- Vendor / distributor / customer alliance partnerships, new products and innovations
- Spec / product standardization
- Repair / refurbish / green friendly recycling programs
- Procurement / administrative options such as EDI, EFT and bar coding
- Freight / logistics / central warehousing / total warehouse logistics
- Emergency response

We can help you with your next project.
